### DirWiz SOFTWARE LICENSE

1. **Grant of License:** This license applies to DirWiz software called UnitySync and any replacements or revisions thereof ("Software"). DirWiz grants to User the following rights to this Software.
  - a. **Number of copies:** User may license the number of copies of software specified in the purchase order(s) placed with DirWiz.
  - b. **Number of Directories:** User is licensed to synchronize the directory information between multiple directory servers ("Directories"), as specified in the purchase order(s) placed with DirWiz.
  - c. **Installation:** User may install each licensed copy of the Software on a single computer (the computer running the Software shall be referred to as the "Server").
  - d. **Use of Software:** User may use one copy of the Software on one Server, which may then connect to and synchronize directory information between the number of directories specified in the purchase order.
  - e. **Other Transfer:** If User wishes to move any copy of the Software to another computer it will provide the license information required and will certify that the original copy is no longer in use. There is no charge for this transfer.
  - f. **Notice to Users:** User shall inform all users of the Software of the terms and conditions of the DirWiz License Agreement.
  - g. **Duration:** Upon purchase User will receive a perpetual license key for the current version of the Software as specified in the purchase order(s) placed with DirWiz.
2. **Enterprise License:** An Enterprise License authorizes User to Install and Operate Software on any server owned and operated by User, and to synchronize with any directories or other data sources which are part of User's organization or company. Any directories or other data sources outside User company must be licensed separately.
3. **Other Rights and Limitations:** User may not reverse engineer, decompile or disassemble the Software.
4. **Upgrades:** Eligibility for Server Software upgrades requires the User have current (not expired) Server Software Maintenance coverage. An upgrade must be used to replace the existing product.
5. **Technical Support:** Eligibility for technical support requires the User have current (not expired) Server Software Maintenance coverage.
6. **Copyright:** The Software is licensed, not sold. Title and copyrights in and to the Software (including any images, applets, and text incorporated into the Software), accompanying printed materials, and any copies User is permitted to make are owned or licensed by DirWiz and are protected by United States Copyright laws and international treaty provisions. Therefore User must treat the Software like any other copyrighted material except that User may make copies of the software solely for backup or archival purposes.
7. **Indemnification:** DirWiz agrees to save, protect, defend, indemnify, and hold User harmless from and against any and all claims, liabilities, demands, damages, judgments, awards, settlements, expenses, or losses, including reasonable costs of litigation and reasonable attorneys' fees, arising from any third party claim that Licensed Software or Licensed Material violates any third party's trade secrets or infringes such third party's copyright or patent. User shall promptly notify DirWiz of all such claims. DirWiz, at its option, may control the defense of any claim subject to the foregoing indemnity and User will cooperate with DirWiz in such defense in all reasonable respects, at no cost to User. DirWiz shall pay to User any sums due under this Section with thirty (30) days of written notice by User. In addition to the above indemnity, if such a claim threatens User's continued use of the Licensed Software, DirWiz shall, at no cost to User, (i) obtain the right for User to continue use of the Licensed Software and Licensed Material, (ii) repair or modify Licensed Software and Licensed Material so that they are both non-infringing and functionally and operationally equivalent to the Licensed Software and Licensed Material, or (iii) provide functionally equivalent replacement products. If none of the foregoing is possible, User shall have the immediate right to terminate the applicable UnitySync License Agreement with full refund within thirty (30) days of all fees actually paid by User under this UnitySync License Agreement. Notwithstanding anything else in this paragraph, DirWiz's maximum liability under this paragraph shall be equal to the license fees paid by User under this License Agreement.
