### Why Directory Wizards?

- Founded 2000
- Over 25 years experience in software development
- Software development and OEM available
- Responsive technical support

### Why Directify®?

- Self-service: allow users to modify their own objects but ONLY the attributes you allow
- Departmental Management: allow managers to modify direct reports objects, or administrative assistants to manage their departments
- Help Desk: limit the attributes first level support can edit without diminishing their ability to assist
- Object Creation: for example, allow HR to create a User object at time of hire
- Group Administration: group managers add/remove members
- Exchange mail forwarding made easy, with automatic clean-up when the forward is no longer needed
- Extremely scalable and customizable – what do YOU need to do?
